The Grand Total Score for each Contractor, which shall be the sum of the Technical Score and per region Cost Score, shall be used to determine the ranking of proposals per region. For example, should a bidder choose to propose providing service in two (2) regions, two (2) grand total scores will be calculated for that vendor's proposal, one for each region. Each grand total score will be calculated using the technical score and the cost proposed for that region as specified in Section 3. The State may move forward to negotiations pursuant to Arkansas Code Annotated § 19-11-230, with those responsible Contractors determined, based on the ranking of the proposals, to be reasonably susceptible of being selected for award. Award will be made to the highest-ranking Contractor for each region.
